LIQUORS, CIGARS.

Come to the Fair.

Hurrah! for the Fair," the old farmer shouts,
As Dobbin is driven up close to the door,
And pumpkins, etc., are piled in the cart,
All gathered with care from the old farmer's store.

Then come to the Fair, let us see what you have,
We've a welcome for all, maid, matron and sire,
Bring your horses and daughters, your oxen and sons,
Our motto is "Forward," and forward means higher.

And when to our city, the pride of the West,
And viewing the sights and notions so rare,
You will want a Cigar to give zest to your taste,
And add to the interest you feel in the Fair.

It needs but a trial to point out the place,
Our Cigars are selected with excellent care,
Then remember our store with its "native" in front,
And glance at our card when you visit the Fair.

FREMONT MEETING
AT THE CAMP TO-NIGHT!

GEORGE BRADBURN, Esq., of Cleveland, Ohio, will speak at the Camp House, *this* (*Thursday*) *evening*, at ½ past 7 o'clock.

Let all Republicans be there, and they will be sure to hear a great speech.

H. J. PAINE, Secretary.

The Land Grant Bill—Meeting last Night.

We give elsewhere a sketch of the proceedings of the public meeting held last night on Market Square, in relation to the Veto of the Land Grant Bill by Governor Bashford. Considering the deep interest felt in the subject by all classes of our citizens, the proceedings of the meeting were very temperate, and the resolutions entirely proper and appropriate to the occasion.

As the first feeling of sore disappointment wears off, people begin to feel that the Governor, however mistaken he may be, has doubtless acted from conscientious motives, and the attempt to make political capital out of the veto, it is felt, must only result disastrously to the object which we all have in view.

We present to-day in full, the Veto-Message, that our readers may examine it at their leisure. Our remarks upon it—all that were necessary—were given yesterday.

We learn from Madison that a new bill would probably be introduced to-day, obviating the principal objections raised to the former one, and which will doubtless meet the concurrence of the Legislature and the Governor.

☞ A friend has called our attention to a clause in a letter published by the *News* on Tuesday, from L. W. Kennedy, which seems to intimate that M. S. Bishop had an interview with one of the editors of this paper, on the subject of his (Bishop's) declining the nomination of the Fillmore-men. It is a matter of the smallest possible consequence whether Mr. B. declines or runs, but if anybody has any curiosity to learn the facts, we say that Mr. Bishop came into our office on Thursday evening last, and, handing us a slip of paper, which we now have before us, containing the words—"State in your morning issue that I decline the nomination for Congress by the Fillmore Convention, held in this city on the 2d Sept."—turned and left the office. We do not remember that a word passed between us on the subject.

PENNSYLVANIA.—The democrats are making a desperate effort to carry this State. It is stated that Slidell, in his recent visit to New York, raised $50,000 *to be expended in the Pennsylvania* State election, and as much more has been sent on from Washington. A private letter from Washington, dated the 2d inst., says that within the last week *fifty* men connected with the Administration, have left that city for Pennsylvania —and that there has not been so much political excitement in Washington at any time during the last five years, as at present.

REPUBLICAN NOMINATIONS.—A. T. PRICE, of Jackson County, is nominated for the State Senate in the La Crosse district.

Hon. D. D. CAMERON, of La Crosse, is re-nominated for the Assembly.

R. W. DAVIDSON, is nominated for the Assembly in the northeast district of Dane County.—Hon. A. A. Huntington, the present member, was re-nominated but declined.

A GOOD VOTE ON THE CARS.—Vote taken on the Milwaukee & Mississippi Railroad, Wednesday morning, Oct. 8th, 1856, the first day of the State Fair.

Dr. L. K. HAWES, of Whitewater, a Fremonter —and F. CONE, of Hartford, a Buchanan man, canvassers:

For Fremont	200
For Buchanan	39
For Fillmore	5
Undecided	15

RACINE CO—P. C. LUTKIN is the Republican candidate for Assembly in the Caledonia District, Racine Co.; C. NETTLETON is his democratic opponent.

J. R. NELSON is the Republican candidate in the Raymond district.

DEDICATION—ST. THOMAS' CHURCH, BELOIT.—This Church will be dedicated on Sunday next, 12th inst., by Rt. Rev. J. M. HENNI. A large assemblage is expected from Janesville, &c., &c. Rev. GEORGE T. RIORDAN, of the Cathedral, will preach on the occasion.

ANOTHER VOTE.—On the La Crosse and Milwaukee train yesterday morning, the vote stood as follows: Fremont 147, Buchanan 32, Fillmore 11, neutral 2.

COLLISION.—A few days since we noticed the fact that the tug Relief was seen towing a vessel with her bows badly stove, into Presque Isle Harbor, and it was supposed that two vessels had collided, and one of them had sunk. The brig Wm. Treat, the vessel reported by the Captain of the Illinois as being towed into Presque Isle by the Relief, came in collision with the schooner Defiance, bound to Oswego with a cargo of wheat, on the evening of the 25th ult. The Defiance was struck just abaft the main rigging, and went down almost immediately, the captain and crew barely having time to escape to the Treat. The Defiance was worth about $15,500, and was not insured. The brig was loaded with lumber and could not sink, but became water logged, and was taken in tow by the Relief. Both vessels belonged to the Lake Navigation Company. —*Chic. Dem.*

Sad Accident in the Town of Fox Lake.

A sad accident occurred in the town of Fox Lake on Tuesday morning. A young man named John P. Converse, a son of John Converse, Esq., Post Master at East Randolph, Columbia Co., was engaged with a Threshing Machine, on an island near Fox Lake, and had finished a job of threshing, and was in the act of sweeping off the cylinder box of the loose heads, &c., with a wisp of hay, standing, at the time, upon one of the wagon wheels of the machine. His foot slipped, and his body fell forward, his hand slid into the feed box, dragging in his arm, and tearing it to pieces nearly up to the shoulder.

Medical aid was sent for, and the limb amputated close to the shoulder. It was found also that his lower jaw was broken, and the upper one badly injured, as well as the bone above his eye broken.

The injuries were terrible, and his recovery is considered doubtful. He was a young man, married, with a wife and two children. He was a general favorite with all who knew him, universally respected for his integrity and generosity, and, if a thoroughly good heart, and a mind never once ruffled by an unkind feeling to a fellow creature, can sustain him, he will yet recover.

For the Daily Sentinel.

The Yom Kipur, or Hebrew Day of Atonement.

To-day the Hebrew population of this city, and of all other cities and places, will close their shops and their stores; prayer and supplication will take the place of traffic and trade; their places of business will be deserted. The most fearful penalty known to the Mosaic—"ye shall be cut off from among my people utterly, saith the Lord"—attaches to the neglect of a strict observance of the Yom Kipur, or Day of Atonement. Of all the numerous Jewish holidays, feasts and fast days, the Yom Kipur is the most impressive, the most solemn, and most religiously kept.

The fast is of the most rigid kind, no fish, flesh, vegetable, nor even water is permitted to pass the lips of an adult. And even the mother of an infant, which has exceeded three days in age, must also abstain from food, except a physician pronounces it necessary to sustain life.

While many of the holidays of the Hebrews may be forgotten or neglected—the New Year, the Passover, the Weekly Sabbath, the Feast of the Tabernacle and others—a neglect of the day of Atonement is never thought of. It has been truly said, that the most unbelieving Jew—he whose faith has waxed faint amid the strife of worldly passion, and whose conscience is hushed and stilled by the war of traffic—yet remembers for a time that he belongs to the chosen people, when the season of penitence, of fasting and of prayer rolls around.

And to-day, as we notice through our city, the closed stores of the Hebrew population of Milwaukee, let no jeer or slur curl the lips, but in harmony with the spirit of our Constitution, and of the Christian Religion itself, knowing that the one is founded on the other, and that each is teaching to the human race the great lesson of universal charity, let us not forget from what race sprang the people who fill their synagogues this day, but remember what they once were, how they once trod the earth, the chosen people of God. And let us be thankful that here all are alike free in their right to worship when and where, and in what manner they like.

One little incident, occurring last year in New York, may refresh our memories; it is the liberal contribution raised by the Jews in the Empire City, for the Christian sufferers and suffering at Norfolk from the ravages of the yellow fever.

Upon the subject of the early history of the Jews —when the matter of their disabilities were being discussed in the British Parliament—Macauly nobly, manfully, and truthfully advocated their rights; and in reply to a statement, that they were mere money getters, usurers, &c, and unfit for the high duties of citizens, nobly added— "Nobody knows better than my friend, who opposes me, that there is nothing in their national character which unfits them for the highest duties of citizens."

Upon their historical antecedents he thus spoke:—"In the infancy of Civilization, when our Island (Great Britain) was as savage as New Guinea, when letters and arts were still unknown to Athens, when scarcely a thatched hut stood on what was afterwards the site of Rome, this contemned people had their fenced cities and cedar palaces, their splendid temple, their fleets of merchant ships, their schools of sacred learning, their great statesmen and soldiers, their natural philosophers, their historians and their poets. What nation ever contended more manfully against overwhelming odds for its independence and religion? What nation ever in its last agonies gave such signal proofs of what may be accomplished by a brave despair? And if, in the course of many centuries, the oppressed descendants of warriors and sages have degenerated from the qualities of their fathers—if, while excluded from the blessings of law, and bowed down under the yoke of Slavery, they have contracted some of the vices of outlaws and of Slaves, shall we consider this as a matter of reproach to them? Shall we not consider it a matter of shame and remorse to ourselves? Let us do justice to them. Let us open to them every career in which ability and energy can be displayed. Till we have done this let us not presume to say that there is no genius among the countrymen of Isaiah, no heroism among the descendants of the Maccabees."

What was but a matter of discussion, a mere prospective right, but a few years since in Great Britain, the equality of the Jew with the Gentile to political rights and to the free and unrestricted, untaxed worship of his Creator, in accordance with his own convictions of conscience, has existed in the United States since the formation of its Constitution. The "countrymen of Isaiah," and the "descendants of the Maccabees," have never had to sue at the feet of an American Congress for civil or religious rights. When the Declaration of Independence was launched, bigotry sank in its wake, the Constitution of the United States unfurled from her masthead the flag of the equality of all men to civil and religious liberty; under its folds, to-day, the Hebrew, whether by birth or faith, enjoys it, and let him, in return for its blessings, see to it that while enjoying freedom and liberty himself, he by no manner, nor by any means, aids or abets in putting on the shackles, or helps to rivet the chains of Slavery on others, nor to forge the fetters for unborn generations.

PUBLICOLA.

MILWAUKEE, Oct. 8th, 1856.

PROSPECTS IN WISCONSIN.—Our Democratic friend Sat. Clark, who lives up in Marquette Co., tells us this State is sure enough for Buchanan, unless the election is contested and brought before the Supreme Court. That body would count in all the votes which have been taken on the cars and steamboats for two months back and beat us.—*Green Bay Advocate.*

SAT needn't be alarmed. Our Supreme Court is excellent at counting *out* votes that never were given, but don't undertake to count *in* any except legal ones.

THE STATE FAIR.
Second Day.

We give below the entries made yesterday, so far as we were able to obtain them. The books were kept open to a late hour, and stock and articles kept pouring in all day, so that we were obliged to go to press without completing the list. To-day is the great day of the fair. Preparations were made for a grand show, and the entries are very far beyond all anticipations. The array of stock is far the best and most extensive ever seen in the northwest, and every department is abundantly represented. Our citizens should not miss the opportunity of visiting the grounds and seeing the finest collection of animals, produce, and manufactures ever brought together in our State.

We count up in class A, so far as our list goes, 26 stallions, 8 pair matched horses, 71 other horses, 68 Durham cattle, 64 Devons, and 68 other cattle, 196 sheep and 12 coops fowls.

At a meeting of the Executive Committee of the State Agricultural Society, held at Milwaukee on Wednesday, the 8th inst., it was

Resolved, That the compliments of the Society be, and are hereby tendered to the Military and Fire Companies of this city; and that they *are hereby invited* to visit the Fair Grounds on Friday next at 1 o'clock P. M.

GEO. O. TIFFANY, Sec'y.

The Trotting Match is postponed to 2 P. M. to-day, in order not to interfere with the Regatta.

BEARS ABOUT.—This is a great year for bears. We saw this forenoon the hide and carcass of a large bear, which weighed when dressed, 270 lbs. The varmint was killed last Thursday, in the town of Nekimi, about five miles from the city. Yesterday the hunters were out in chase of another, which had been seen in the same neighborhood, and this morning a number of our citizens started in pursuit of one, which had been seen in the vicinity of the farm of J. Jackson, a short distance north of the new city line. We expect his hide is on the fence by this time.—*Oshkosh Courier.*

GOV. BASHFORD'S VETO MESSAGE.

EXECUTIVE DEPARTMENT,
MADISON, Oct 7, '56.

TO THE SENATE;

I return herewith, to the Senate, without my approval, and with my objections, a bill entitled, "An act to execute the trusts created by an act of Congress, entitled, an act granting public lands to the State of Wisconsin, to aid in the constructing of railroads, 'in said State,' approved June 3d, 1856, and to provide for applying the land, so granted, to the construction of railroads in said State," that being the body in which the same originated.

I object to said bill for various reasons, among which are the following:

There are incorporated in said bill two private and local laws; *one to incorporate* the "Wisconsin & Michigan R. R. Co.;" and the other, a bill to amend "an act entitled an act to incorporate the La Crosse & Milwaukee Railroad Co."—Both of said incorporations are entirely independent of each other; have no connection whatever; and in my opinion, the bill, in this respect, is in plain contravention of section 18, of article 4 of the constitution of this State, which is as follows: "No private or local bill, which may be passed by the Legislature, shall embrace more than one subject, and that shall be expressed in the title." This bill embraces two subjects of a private and local nature; the one creating an entire railroad corporation; the other materially amending and enlarging another. The mere fact that it also disposes of the land grant, does not, in any respect, change the nature of said private and local subjects.

The object of the constitutional provision is to prevent two propositions, enlisting different interests, from being so combined in the same bill, that the one may carry the other through the Legislature, not upon its own merits, but because sufficient interests are thus coupled together, to secure a majority of the votes of the Legislature, *notwithstanding that one, or both propositions*, may be substantially unjust and wrong. Neither of the measures embraced in this bill could, in my opinion, have passed the Legislature alone, upon its own merits, in its present form. This is therefore just such a case as the constitutional provision in question is designed to meet.

By section 3 of chapter 2 of the bill, the lands lying between Madison or Columbus and the West end of Lake Superior and Bayfield—which embraces about three fourths of said grant of land—are given to the La Crosse and Milwaukee Railroad Company.

Section five of said Chapter further provides that so long as said lands shall be owned by said Company, they shall be exempt from taxation for a term not exceeding ten years. There is no provision in the bill that they shall ever be brought into market and sold in limited quantities, or otherwise, to actual settlers, at fair prices; but, on the contrary, every inducement is offered to the company to withhold the lands from market, thereby keeping at least a million and a half of acres of the public domain unsettled and unimproved, to the great injury of the State.

In my message, at the commencement of the present *adjourned* session, *were submitted my* views upon this subject as follows:

"The lands donated by said grant should be brought into market as speedily as said act will permit, and sold in limited quantities, at fair prices, to actual settlers. They should not be permitted to fall into the hands of speculators, to be kept out of market, and the lands themselves left unimproved, and the growth of the country thereby retarded. I regard this last recommendation of great importance; which if faithfully adhered to, will remove some serious objections to such grants."

This is unquestionably the correct policy to be pursued by the State.

The act of Congress making this grant gives to the Governor, unconditionally, the power of appointing agents to select the lands thus donated. The bill seeks to take away, substantially, that right by compelling the Governor to appoint whomsoever said Company may designate for that purpose. The language of the bill is as follows:—"The selection of land provided for in the act of Congress, hereinbefore mentioned, shall be made by the Company, or such agents as it may designate, under the appointment of the Governor *of the State, subject to the approval in* this act specified." This power of appointment, having been conferred upon the Governor of the State, by the law of the United States, cannot be abrogated or abridged by the Legislature.

Section 11, of Chapter 2, of the bill is as follows:—"The Capital Stock of the La Crosse and "Milwaukee Railroad Co. is hereby increased to ten "millions of dollars, which shall be disposed of "in shares of one hundred dollars each, *in such "manner as the Directors shall deem best adapted to carrying out the object of this chapter.*"—Under this section, said Company have full power and control over said stock; and it is but fair to infer that they will control it for their own exclusive benefit. Even one person would be fully competent to subscribe for the full amount thereof, with the consent of the Directors of said Company.

I saw fit to call your attention to this subject in my last message; and the following recommendation, *then made*, I *still regard* as just and equitable, to all portions of the State:

"If it should seem probable, that any incidental benefits, growing out of said grant, "are likely to accrue to those owning or taking stock in said corporations, then I would "urge upon you the propriety and necessity "of so framing the law, making over the avails "of said grant to railroad corporations, that "all of the citizens of the State may have a "fair and equal opportunity of taking stock "therein, in limited quantities, which will "tend to avoid many of the objections to railroad grants, by placing the same in the "hands of different interests, and among a "class of citizens, who will be interested in "the prosperity of the whole State."

It is proposed to give this grant of land along the line of the proposed road, running from Madison or Columbus to the west end of Lake Superior and to Bayfield, to the La Crosse and Milwaukee Railroad Company. That Company, *it* is understood, have their road already completed from Milwaukee to Beaver Dam, and propose that it shall soon be completed to La Crosse.—They have already consolidated with the Milwaukee and Watertown Railroad Co., which Company have their line of road nearly finished to Columbus. By section 9 of chapter 2 of this bill, they are authorized and empowered to consolidate with any other Railroad Company in the State, and are further authorized to build a Railroad from Columbus and Madison to Portage City, and from thence to the west end of Lake Superior, and to Bayfield. I am utterly opposed to conferring any such power upon any Railroad corporation, regarding it as dangerous to the interests and prosperity of the State, since the evident tendency of such consolidated power, in the hands of one Company, would be to control the whole railroad interests of the State.

It has been in this, as in other States, a general and sound legislative policy to avoid the too great preponderance of railroad influences, by distributing different lines of railroad amongst different corporations. It is true, that of late a more or less extensive power of consolidation has been inserted in many railroad charters; but, if the principle of this bill were carried out, all of the Railroad companies of the State might be consolidated into one overpowering monopoly, stronger than the State itself in the affairs of the State, making the Legislative, Executive and Judicial Departments subservient to its imperious dictation.

In my Message, I deprecated the conferring of such dangerous powers upon railroad corporations; but like most of the recommendations then made in regard to the disposition of this grant, though generally conceded to be just and salutary, it is disregarded by this bill.

The railroad influences which have been brought to bear to pass this bill, have not increased my desire to see the State consolidate and aggrandize any one great railroad scheme; but, on the contrary, have induced me to expose its obvious defects and apparent designs.

The La Crosse & Milwaukee Railroad Company is controlled and managed by a Board of Directors nearly all of whom are residents of one locality. I cannot regard it as just and fair towards the various localities and diversified interests of the State, that this grant should be entirely under the control of any place or interest; but, on the contrary, am clearly of the opinion, that the whole State ought to be fairly represented, and its several interests kept in view in the disposition of this grant.

It might also be well to take into consideration the further fact that Congress designed to give the State, by the grant, an additional line of railroad, running Northwest from Madison or Columbus to the St. Croix and Lake Superior region through Portage City. Before the grant was made, the La Crosse & Milwaukee Railroad Company were constructing the road from Milwaukee, through Portage city, to La Crosse, with a fair prospect of an early completion. It is not certain, should this bill become a law, that this Company will construct two roads North-West of Portage city; and, thus, by this disposition, the grant would not give to the State a new railroad North-West from Portage City, but only go to aid an existing Railroad Company in building a road, in process of construction, with some slight deviation in its direction, and the deviation of doubtful benefit to the State.

The act granting the land for the Northwestern road, reads thus: "For the purpose of aiding in the construction of a railroad from Madison or Columbus, by the way of Portage City," etc. The Legislature, by the terms of the grant, must therefore determine definitely the starting point of said road, otherwise it will be impossible to select the lands donated for building the same. The Legislature has the power to obligate the Company receiving the grant to construct roads from both Madison and Columbus to Portage City; and the various interests of the state would seem to demand the incorporation of such a condition into the bill disposing of it.—But, by this bill how can it be determined whether we are to select the lands between Madison and Portage City, or between Columbus and Portage City? It is evident that we are not entitled to lands on both routes. It may have been *the design of the framers of this bill, to run the* road from Madison to Columbus, and from Columbus to Portage City. That construction might, perhaps, be placed upon this bill, but would manifestly be a deviation from the terms of the Act of Congress; it would be so regarded by the General Government; and no lands would be permitted to be selected under said bill, between the points last mentioned.

After carefully examining that portion of the bill referring to the La Crosse & Milwaukee Railroad Company, I can find nothing in it compelling that Company to build the whole road, as contemplated in the act of Congress. The Company might, therefore, after building the most profitable portion of the road, refuse at their discretion, to build the remainder. The road from the west end of Lake Superior to Bayfield, a distance of from fifty to sixty miles along the southern shore of Lake Superior, is not likely to be profitable, even with the grant, and it would be an inducement, therefore, for said Company not to build it. The State, nevertheless, after accepting the grant, will be liable for a faithful disposition of the trust which she assumes, and will therefore be liable for every acre of land disposed of to said Company, unless the conditions of the act of Congress are fully complied with. The experience of the territory of Wisconsin, in regard to the Rock River Canal grant, for which the State is still held responsible to the general government for a sum exceeding three hundred thousand dollars, should teach the State to be cautious in assuming and disposing of lands held in trust for specific purposes.

Many of the objections to chapter two of this bill, are also equally applicable to chapter one.

GREAT MEETING
In Market Square!
THE LAND GRANT BILL VETO!

The meeting last evening in Market Square, on the subject of the Land Grant Bill, was one of the largest and most respectable ever assembled in our city. The people of all parties, and all classes of business, were out in mass.

At an early hour, the meeting was called to order by HANS CROCKER, Esq., who nominated EDWARD D. HOLTON for chairman, and Chas. K. WATKINS for Secretary.

Mr. HOLTON, on taking the chair, spoke briefly but eloquently of the great labor and sacrifices which Milwaukee had done and suffered in the development of Railroads in Wisconsin—of the vast sum she has at stake in them—of the fact that whatever has been done, has been done without any aid from abroad—and of the right which the city has to a large voice in the disposition to be made of the Land Grant.

The following gentlemen were appointed a committee on resolutions: Messrs. E. L. BUTTRICK, HANS CROCKER, O. H. WALDO, W. B. HIBBARD, J. C. INBUSCH. During the absence of the committee, and after their return, remarks were made by several persons.

Mr. WATKINS addressed the meeting on the importance of the grant to the state, and of the bill to the city—and of the interest felt in the subject by the other railroads, connecting with the city, himself representing the Lake Shore road. (The mention of the Racine and Miss. R. R. made some time after this was received with three hearty cheers.)

S. M. BOOTH spoke of the unanimity of feeling on the subject, illustrated by the fact of the meeting last night being held in the Fremont Camp, where Mr. Upham, a leading Buchanan man presided; and this evening in the Buchanan head-quarters, with a staunch *Fremonter for* Chairman.

Mr. BUTTRICK, earnestly defended Governor Bashford from any imputation of hostility to the interests of Milwaukee. He might be mistaken in his course and ill-advised, but he would do whatever his conscience would allow to aid our interests, and the speaker believed that action would yet be taken which would present a bill satisfactory to us, and which would meet the concurrence of the Governor.

Mr. HIBBARD spoke earnestly on the subject of the very deep interest felt by all of our citizens in the enterprise.

Gen. S. B. GRANT spoke to the same effect.

The resolutions, which were unanimously carried, are as follows:

Whereas, by an act of Congress certain lands have been donated to Wisconsin for the purpose of aiding in the construction of the Railroads, one through the North-eastern, and the other through the North-western portions of the State;

And whereas, the Legislative Assembly of Wisconsin, now in session, has by a decisive vote in both houses, passed a bill disposing of said grant, donating to the La Crosse and Milwaukee R. R. Co. the lands lying along the contemplated road from Madison and Columbus to the St Croix river and Lake Superior, and to another company the lands lying along the contemplated road from Fond du Lac to Lake Superior;

And whereas, the Governor has deemed it his duty to return said bill to the Legislature without his approval, and with his objections thereto; therefore—

Resolved, That we deem it of vital importance to the interests of the State that said bill should without further delay become a law; especially do we deem it of great importance to Milwaukee and the country adjacent to the Milwaukee and Watertown, and the La Crosse and Milwaukee railroads, and the various roads connecting with them, that the lands granted by Congress should receive the direction contemplated by the Legislature, as expressed by the decisive majorities in both houses in favor of said bill.

Resolved, That the vigor and energy with which the La Crosse and Milwaukee R. R. Co. have thus far prosecuted their work upon their road, leads us to believe that the Northwestern grant can be safely entrusted to their hands, and that the interests of the state will be fully protected by them: that we have confidence in the ability and fidelity of the directors of said company; and that we believe that under their management and control the objects contemplated by the act of Congress, and the bill before the Legislature will be more speedily and successfully accomplished than by any other disposition that can be made of said grant.

Resolved, That the thanks of the citizens of Milwaukee are due, and are hereby tendered, not only to their immediate representatives, but to the members of both Houses who voted for and sustained said bill, for the manly and independent manner in which they have advocated and protected the interests of Wisconsin, in the disposition of said grant, and that we earnestly call upon them to use all proper means within their power to secure the passage of said bill.

Resolved, That the veto power has ever been regarded in this country with distrust and suspicion, as placing in the hands of one man the power to thwart the wishes of the Legislature and the people, and that while we have no disposition to assail or condemn the Governor for the exercise of authority vested in him by the Constitution, we can see no just cause in the reasons assigned by him in his veto message for witholding his signature to said Bill.

Resolved, That the citizens of Milwaukee, without distinction of party, and with entire unanimity, are in favor of the aforesaid disposition of said Grant, and that we believe that the true interests of Wisconsin will be promoted thereby.

Resolved, That in the construction of Railroads in Wisconsin, and the development thereby of the resources of the State, the city of Milwaukee has contributed far more than her share of labor, of money and of credit; that in these enterprises she has received no foreign aid; no aid from the State Treasury, and none from the General Government; and now when a grant of land is made by the government to the State, for Railroad purposes, it is but just that Milwaukee should have a share in the disposition of that grant. Our city asks but justice—nothing more, and to this she has a right.

Resolved, That the inhabitants along the line of the La Crosse & M., and the M. & Watertown Roads, and the various towns and cities along said lines having become largely interested in said roads by stock subscriptions, farm mortgages and town and city bonds, it would be an act of injustice to them and to their roads to give the North Western Grant to another company, thereby enabling such company to construct by the aid of such grant a rival road which would seriously impair the value of the stocks and interfere with the vested franchises of said road.

Resolved, That the proceedings of this meeting be printed and a copy of them forwarded to the Governor and each member of the Legislature.

"NEW LONDON TIMES."—This is the name of a new and very handsome Republican paper just started at New London, Waupacca county, by A. J. LAWSON. Success to it!

A hundred free-state men imprisoned for murder—More horrible ruffianism in Kansas.

Mr. W. Thomas, who has just come from Kansas, writes to the Chicago *Tribune*:

When I left Lecompton, there were one hundred free state men confined there on a charge of murder. They were kept in a house twenty by thirty feet, containing only two floors, and of course, their quarters were narrow and uncomfortable. They were strictly guarded by United States troops; and a loaded field-piece planted near the door, served as a reminder that they *must not rise against their masters*. These men have been dragged from their families and homes upon ridiculous charges, and insufficient testimony. Failing to conquer them by arms, the Ruffians have appealed to the laws of their own making and to their own officers, to cripple our best and most determined fighting men. How long they will be held in confinement they do not know; but as most of them have been committed for trial by Judge Cato, it is not probable that they will soon be released. In the meantime their wives and little ones must take care of themselves.

Outrages in the territory continue to be of frequent occurrence. They come for the most part, from the predatory bands of Georgians who are roving around for the purposes of plunder. A second one of a peculiarly horrible nature is well authenticated. Mrs. Hatfield, a Kentucky woman, living 22 miles from St. Joseph, was one day, about the 20th, visited by a party of these Georgians, 13 in number, who pretended that they wanted to buy some melons. She offered to sell them what they wanted, and they went into the field and pulled as many as they pleased. When she requested her pay, they settled the bill by striking her across the face with a whip, throwing her down and choking her until her tongue was forced out of her mouth; this they seized, tied a string around her and by the string led her a short distance from the house and repeatedly violated her person! I heard of her at St. Joseph, whither she had been taken. She was suffering horribly from the effect of her injuries, and was unable, her tongue being so badly swollen, to take nourishment except as it was given her through a tube. This is the work of the "law and order" chivalry. This is the second case of the kind that has recently happened.

Yours respectfully,
WM. THOMAS.

FALL TRADE AT RACINE.—The arrival of grain is without precedent in this city. Upwards of 100,000 bushels of wheat has been received since our issue. Every car that can be appropriated is attached to the freight department, yet it is impossible to do the enormous amount of freightage from the West. But a few weeks since an additional depot was built for the reception of grain alone. Its size is liberal, and was supposed to be ample for all the business of the season, but like many other human calculations, it proved to be very fallacious, for had it been extended twice its present size, it would have been too limited. The warehousemen are compelled to work night and day to keep clear. Every available building is being filled, while shipments are being made as fast as possible. We notice this morning, at the warehouse of S. C. Tuckerman, Esq., the brig Champion, loading for Oswego with 12,000 bus., while the brig Northumberland, for Montreal, has just taken on board, at the same warehouse, 14,500 bus. W. T. Van Pelt, Esq., is also loading the schooner Cuba for Oswego, with 13,000 bus.—*Advocate.*

Fever and Ague Cured

WITHOUT USING QUININE, Arsenic, Mercury, Opium, or any of the poisonous drugs, or dangerous compounds generally resorted to by sufferers from this long drawn, most afflicting and annoying of all diseases, by resorting to Carter's Spanish Mixture, which contains none of the above deleterious substances, but cures effectually and fully by acting specifically on the Liver and Skin, Purifying the Blood and expelling the remains of old medicines with which the system has been clogged, opening the pores of the body, and allowing nature to assist itself in breaking up the disease, and recuperating its energies.

See the cure of Mr. John Longdon, of Va.; he had fixed and chronic Ague and Fever; chills twice a day for three years. Nothing permanently cured him until he tried Carter's Spanish Mixture, three bottles of which restored him to health; nor has he had a chill since. He is only one out of a thousand who has experienced the life renewing effects of this valuable purifier of the blood.

Chills and Fever.

TO THOSE who are afflicted with this disagreeable and baffling malady, we would state, that after years of hitherto unavailing research, a medicine has been discovered which will, in every case, effect a certain and permanent cure of this dreaded disease. It is not a quack nostrum prepared to extract money from sufferers, for the proprietor offers to refund the money if a cure is not effected after following the directions. He is assured by the evidence of hundreds of cures which they have effected, that this medicine is in reality the remedy so long desired in the Western country. This valuable medicine is prepared in the form of a pill, from the bark of a shrub, which has proved to be a perfect antidote to Malaria. They are simple and plain in their nature, powerful and active in their operation, and perfectly harmless to the system, having no other than a specific effect upon the disease which is truly wonderful. Some persons have stated that these pills must contain arsenic, or some powerful mineral, owing to their quick effect in curing this disease. The proprietor would state that he will pay one thousand dollars to any chemist who will find one particle of mineral in this composition.

Certificates of cure from persons of the highest respectability can be obtained by calling at the Drug Store of HENRY FESS, Jr., No. 195 East Water street.

N. B. One great recommendation for these pills are, that they only require about five to effect a cure. Enquire for THAYER'S OMEGA PILL, for the immediate cure of chills and fever or intermittent fevers of every description. Prepared and sold wholesale and retail by FRED. W. THAYER, 697 Washington street, Boston.

POLICE COURT, OCTOBER 8.

CHARGE OF ROBBERY.—Three persons a hackman and his "pals" were brought up on a charge of robbery, they gave their names as Alexander Pernodd, Joseph Sullivan, and Edward Barrage. The last named was discharged, and the other two held for trial at the next term of the Circuit Court. The bail was fixed at $500 each, in default they were taken to jail

Michael Geary an old offender, was convicted of an assault and battery upon John Waroke, and sent to jail for 30 days

Frederick Stolz pleaded guilty to an assault and battery upon A F Phillips and was fined $5 and costs

CIRCUIT COURT, OCT. 8.

JUDGE RANDALL PRESIDING

In the Circuit Court, the forenoon was occupied with the trial of an old man named John Glancy, on a charge of adultery

The evidence showed that 25 years ago, the defendant, who was then living with a wife, left his wife on the highway in Ireland and the young children, and came to this country. The old man was boarding on Main street, and during last month the son of the defendant, who was but four years of age when deserted by his father, but who had since come to this country, woke up in the night to go to a fire and discovered his father in the situation to which he testified. The son now 29 years of age was the principal witness against his father, the confession of the defendant himself that he had his marriage in Ireland. The jury found him guilty, and recommended him to mercy

The case of the State vs Schumacher for the murder of John J Pievo, was called up. Mr Arnold for the defence, stated that the case had been taken to the Supreme Court and that the decision of that court would probably be known in a few days. The case then stood over

The case of the State vs James Wilson, indicted for arson was set down for Friday morning

An application for a new trial in the case of the boy Waegli, convicted of aiding and assisting a prisoner to escape was to be taken up and argued

COLTON'S ATLAS OF THE WORLD.—This splendid work of American artists, geographers and publishers which is being offered to our citizens by the agent, Mr McCarty to subscribers only, is worthy of further notice. The work is as nearly perfect in execution as any thing of the kind we have ever seen. Its size admits of a distinctness of execution which is unusual. These two requisites, a good and reliable table, without which the maps might not be practically useful, there are a great many things to be justly said in their praise.

The publishers have taken the greatest care to secure correctness of delineation, in the minutest particular and to have the very latest information as to states, counties, towns, &c., presented on their pages. They give the complete and projected lines of railroads, canals &c.—the surveys made by government—the routes of voyages and travels in unfrequented parts of the earth. They follow Dr Kane to the glacial mountain of Greenland which bound the Arctic open sea. They have ransacked the General Land Office and Coast Survey office for data.—They have obtained the national surveys of the European States for their use. In short they have used, and well used all the material attainable. Maps illustrative of climatology, ethnology and geology are among the rest and, facing each map is a page of descriptive letter press, abounding in the latest statistics. It is a great work, and must be in great circulation

CREDIT TO WHOM CREDIT.—A correspondent, whose letter, being written on both sides, is necessarily ruled out, wishes us to give the credit to whom the credit is due for the getting up of the magnificent torch light procession on the 9th ult to Mr L W CARPENTER one of the young Fremonters in our city who our informant says raised all the money, ordered and directed the getting up of the torches and the banners, and worked like a hero till the thing was done. The writer says that the first six men called on by Mr Carpenter, gave $25 each and were Messrs J Nazro Jr, C F Ilsley, D Ferguson, W H H Metcalf E Eldred, and A Finch, Jr.—Honor to whom honor is due again!

Our correspondent further says concerning Mr Carpenter and we heartily endorse all that he says as to his efforts in getting up the torch lights &c, from our own knowledge—that he is one of the best posted and most effective speakers among the young men in the State and hopes to hear him in our city. We hope so too. If his gift of speech is anything like his good will and energy in the cause he will do noble service

COLLOQUY.—The following colloquy is said to have taken place in front of the Court House, yesterday morning, between an Irishman and a German

German—"Vell dey find vot of de Waegli's guilty, dat is so, eh?"

Irishman—"'Tis, they have one of them shtuck, but they recommended him to the mercy of the Court, and he'll get off light."

German—"Vel! I tink dis no right, dem fellows in de jail dey lie to dese poor boys, dey frighten dem, and den dey tell dese stories in de court; dat not fair."

Irishman—"Shure they have no friends." May be 'twas the *silver key* that let Robins out."

German—"Vat you mean, de silver key, eh?"

Irishman—(Whispers) "Come here. I'll tell you, that's a good jail to hould Irish and Dutch, but it'll nat thee hould *partridge* nor *robins*. It's a bad bird cage any way."

German—"Dat ish goot, more better as dat. Come I guess we dake a little lager."

COMMON COUNCIL, MONDAY EVENING.—At the last meeting of Common Council

Adopted

A Farm that is a Farm

THIS FARM is situated in the handsomest portion of our fair State, within a short distance of a Railroad depot, fronting on a small lake of the purest water, with bold and beautiful shores, containing half in length and three fourths of a mile in width. THE great and extensive sale of $20 000 worth of Machinery, Tools Engines, Patterns, Iron Moulds and every other article now in use at the Menomonee Locomotive Foundry, in the Fifth Ward is, on account of the State Fair, adjourned to Saturday next, October 11th, at 9 o clock A M, when every article whatever will and must be sold for whatever they will bring, as the concern is to be closed up. All who are engaged in such establishment had best to attend this sale as great bargains may be expected CALEB WALL,

City Land Office.

THE GREAT AND EXTENSIVE sale of Lots in Kilbourn City, I would remind all capitalists and all who want to secure themselves a home in one of the most important cities on the Wisconsin river to attend the sale of Lots in said city, which commences on the 14th day of October, and continues three days. I do sincerely believe that there is no property that has been offered for a long time in the State of Wisconsin which offers so great inducements as the said property in Kilbourn City

All will please remember that it is a great and important point, where the La Crosse & Milwaukee Rail road Depot centres, which road will prove the most important and most profitable road in this great and flourishing State

The terms of Sale of the Lots are very easy indeed, ⅓ cash, balance in 1, 2, 3 years, with 7 per cent interest

The cars leave the La Crosse Railroad Depot every morning for Beaver Dam, from there you take Stage conveyance to Kilbourn City, to which place the cars will run in about three or five months

CITY AUCTION ROOM

AUCTION SALE of valuable business property in the 5th Ward on Saturday morning, the 11th day of October next at 10 o clock A M. I will sell on the premises the following described property: lots 20 feet front, and 140 feet deep, being lots 1 2 3 4 and part of lot 5 in block 4, or the better known as the lots occupied by the Menomonee Locomotive Works. This property should have been laid off into business lots long before this but could not be obtained. The purchaser of the lots has been induced, from the demand, to give to all an opportunity to purchase the said property for the purpose it always was intended. These lots are on Reed street. If any one will take the trouble to go along Reed street, they will find as handsome and as large brickstores building as there are on East Water st. This Reed street is found to be and must be the business street of the 5th Ward. The Menomonee Bridge crosses immediately at the commencement of it, next all of the Rail road Depots centre immediately opposite. The Menomonee River which is opposite, will and must be the principal river for all business purposes. Much might be written and said about this valuable property but if all would go and look and examine the situation and location of all business around it. You can come to no other conclusion than that it is the spot for business in the Fifth Ward, and so far as my judgment goes the Fifth Ward is, will and must be one of the principal, and the most important Wards in the city of Milwaukee

The terms of this sale are very easy, 10 per ct. down on the day of sale 20 per ct in sixty days, 20 per ct in one year 25 per ct in two years 25 per ct in three years at 7 per ct interest. [oct2] CALEB WALL

NEW YORK, Oct 8

Two new cases of yellow fever are reported at Fort Hamilton.

The Matamoras correspondent of the Herald furnishes a detailed account of the movement of Vidaurri in Northern Mexico. Vidaurri demanded the removal of Comonfort from the position of President on the ground that he had violated the plan of Apulian, endeavoring to render all the States subservient to central rule. He also demanded the inauguration of Juan Alvarez as President pro tem, until the new constitution, then under discussion, should be formally passed by Congress and promulgated

Comonfort denying these positions, Vidaurri openly denied his authority and threatened to resist his orders per force, if necessary.

He has managed in the meantime to chastise the Camanches in New Leon and Coahuila without aid from the general government.

It is said that Vidaurri would be aided by fillibusters from the U S, and this report had prejudiced many people against him. Great excitement existed in Monterey owing to this new complication of affairs. Viadurri had addressed the people in a grandiloquent procession. 6,000 excited men were under arms, and it was considered that a desolating civil war was at hand in Mexico should Comonfort attempt to execute any of his late decrees against Viadurri. The latter had at latest dates taken possession of Saltillo. Mail communication between Matamoras and New Leon, and Coahuil had been stopped by official orders

There was much sickness at Matamoras and trade was dull.

NEW YORK, Oct 8

Arch Bishop Hughes publishes the subjoined card in the morning papers:—The Arch Bishop of New York thinks it due both to the private feelings of Col Fremont and his family, as well as to reasonable self respect, to state that he has nothing to do either directly or indirectly with a letter which is now being circulated throughout the newspapers, purporting to have been written by a McMaster, editor and proprietor of the Freeman's Journal. Several of these papers connect Arch Bishop Hughes name jointly with that letter, and some of them go so far as to designate it as the testimony of Arch Bishop Hughes. Now the Arch Bishop is bound to say that whether as regards the matter especially alluded to in this letter, or in regard to any other topic involving even by implication his name with any charges which could fix a stain on the private or personal character of Col. Fremont, he (the Arch Bishop) has not made or authorized any one to make accusation against Mr. Fremont. This of course is negative testimony, but a sense of justice so far as the Arch Bishop is concerned, will not permit him to withhold it

NEW YORK, Oct. 8th

2 new cases of yellow fever to day, at Fort Hamilton, including one in the military hospital

The steamer Arago arrived at her dock this morning, at eight o'clock, bringing London dates to the sixth and 270 passengers, including Mr Seiples, late American Minister at Brussels

A serious conflict had taken place at Trebizond, where some Turkish sailors tore down the Russian flag from a merchant ship, and threw the Russian sailors into the sea. The Russian consul demanded the captain of the Porte

The Madrid journals state that a severe conflict had occurred on the 9th Sept, between the garrison of Massilla, on the Morocco coast, and the Moors. The Spanish had 90 killed and seventy wounded; loss of the Moors still more severe.

Advices from St. Vincent state that the greater portion of the inhabitants had either abandoned their land or died from cholera.

At Madeira the cholera still existed, but less fatal.

PITTSBURGH, Oct. 7

The special correspondence of the Chronicle of this morning, states that the democratic demonstration held at Westmoreland, was the largest ever known there. At noon the number was 8,000 and delegations would increase it to 10,000.

The Allegheny delegation numbered alone from 800 to 1000. The meeting was addressed by Mr. Wright, of Massachusetts, Col Black and Andrew Burke of Pittsburgh, and Messrs. Forter and Stokes, of Greensburg.

Extensive preparations are being made for the Fremont meeting to-morrow.

FROM KANSAS.

ST LOUIS, Oct 8

A letter in the Democrat, dated Lawrence, October 1, says at a meeting held there that day, it was unanimously resolved that expediency and principle alike enjoin the people to ignore the coming election of members of Assembly, and as Congress rejected our delegate on the ground of invalidity of election law, it cannot be doubted that another application identical to that one just determined will be also refused, therefore, resolved, that the people of Kansas, regarding the so called election law invalid, refuse to participate in any election held by virtue of said enactment

CINCINNATI, Oct. 8

The Republicans had a torch light procession here last night, numbering over ten thousand persons. Several persons in the processions were seriously injured by missiles thrown by outsiders. After the procession the meeting was addressed by Hon H S Lane

PINNEY YOUNGS' PATENT SAWING MACHINES.
PATENTED JANUARY 30, 1855.—REISSUED OCT. 2, 1855.

THIS IS TO CERTIFY, That we purchased the first Siding Mill built by Pinney Youngs, of Milwaukee and that we have run the same Machine at our Mills at Bay de Noquet, (Mich.) the past two years and that it has exceeded our expectations. We have no hesitation in saying that it will cut Two Thousand Feet, superficial measure, per hour, and upon a trial of twelve hours we cut 23,134 feet, superficial measure of Flooring and Siding.
N LUDINGTON & CO.

Milwaukee, Sept. 15th 1856
This is to Certify, That we have used one of Pinney Youngs' Patent Sawing Machines or Siding Mills for about one year, and find it the most perfect Machine we have ever seen. It has kept in order. We have expended but a shilling for repairs on it as yet.
We have never seen any Machine of the kind that will in any way compare with this. It will cut nearly or quite double the amount of Lumber in the same time of any other machine we have ever examined.
The man that runs it has offered to bet one thousand dollars he could saw in this Siding Mill Fifty Thousand Feet of Lumber which went [illegible] four hours—The lumber sawed in this mill is of uniform thickness which is not the case with other machines we have seen.
We really would not give any one machine for any other ten machines of any other Patent we ever saw for our own use.
BRAND & CO

Algoma, August 20th 1856
Messrs Pinney Youngs & Co
Gents—We have in use, in our mill at Pensaukee Green Bay, two of your Siding Machines and find them to answer our expectations in all respects. We prefer them to any we have ever used or of which we have any knowledge. From the report of our Superintendent, we learn that one of your Machines cut during the week ending July 11th 106,588 feet of Lumber—mostly fencing and flooring—being about 20,000 feet every twenty four hours. For rapidity and smoothness of sawing as well as durability of construction, we think it cannot be equalled by any other Machine now in use.
Yours, truly,
Chicago August 18th 1856

TO BRIDGE BUILDERS,

THE La Crosse & Milwaukee Railroad Co invite proposals, with plans and specifications until Wednesday noon, Oct 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north westerly direction across the State, from Milwaukee, on Lake Michigan to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City in Columbia County. The river, at this point, runs in a rocky bed the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade of the line of the road, and about 90 feet apart. The water is about 20 feet deep having, in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished, but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS in full consideration of the plans and specifications so adopted.

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S
Patent Galvanic Cement for Roofing.

THE ATTENTION of Architects, Builders, and the public generally is invited to this roofing—as being far superior to other compositions in use for like purposes. In fact, we think it superior to any other Roofing, for it has more essential qualities combined required for roofing, than any other material used, viz. Imperviousness to water, incombustibility, durability and cheapness. It is Fire and Water proof, and can be applied to flat or steep roofs. In its texture and appearance it resembles slate—will not soften and run in the warmest weather, nor become hard and crack in the cold test—Therefore it forms a good walk on piazzas, flat roofs, car tops, steamboat decks, &c. Its fire proof qualities particularly adapts it to Railroad buildings, engine shops, &c. It is especially adapted to repairing old roofs, seaming around battlements, sky lights and chimneys, and for lining eave troughs, &c.
This roofing is being extensively used in the Eastern States on the most expensive buildings. Testimonials may be seen from the owners of buildings, Builders and Architects, and also specimens by calling at the office.
The subscribers own the right for the State of Wisconsin and will sell territory by counties or towns, on favorable terms.
For further information apply at the office of the subscribers, Architectural room of Mygatt & Schmidtner, corner West Water and Spring streets, or to J Y Cheney, one of the proprietors, No 4 Market Square.

It is no new and untried article, but one that has stood the test of a ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals in all parts of the country is immense, and a careful perusal of the Almanac, published annually by the proprietor, and to be had gratis of any of his Agents, can not but satisfy the most skeptical that this remedy is really deserving the great celebrity it has obtained.

The old Eagle going it with a Rush!

THE EAGLE
STEAM FOUNDRY!
—OF—
TURTON & SERCOMB,
295, 298, 300, 302 and 304 West Water St

IS STILL IN FULL BLAST WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.
In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.
They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.
They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.
They are also Agents for HARTMAN'S PATENT STEAM GUAGE, which are well worth the attention of all those who use Steam Engines.
In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.
☞ Their motto is, *"Excelsior."*
